

GOVERNMENT OF TAMIL NADU

DEPARTMENT OF DIGITAL GOVERNANCE & INFORMATION TECHNOLOGY

e-Tender Notice

INTEGRATED CITIZEN DIGITAL SERVICES & CLOUD PLATFORM

Design, Development, Deployment, Integration, Migration and Maintenance

Tender Reference No.: TNDGIT/ICDS/2026/0147

Tender ID: TN-ITD-2026-0147

Tender Type: Open Competitive e-Tender

Procurement Category: Information Technology Services

Project Location: Tamil Nadu

Issue Date: 08 October 2026

Bid Submission Deadline: 28 October 2026, 15:00 IST

Technical Bid Opening: 29 October 2026, 11:00 IST

DEMO DOCUMENT — CREATED FOR HACKITON'26 / TENDERIQ AI PROTOTYPE — NOT A VALID GOVERNMENT TENDER

PAGE 1 — NOTICE INVITING TENDER

The Department of Digital Governance & Information Technology, Government of Tamil Nadu, invites sealed electronic bids from eligible and qualified technology companies for the **Design, Development, Implementation, Integration, Cloud Deployment and Maintenance of an Integrated Citizen Digital Services Platform**.

The proposed platform will provide citizens with unified access to government services through web and mobile applications.

The selected bidder shall be responsible for:

- Requirement analysis
- UI/UX design
- Web application development
- Mobile application development
- API development
- Cloud infrastructure
- Database implementation
- Data migration
- Third-party system integration
- Cybersecurity implementation
- Analytics and reporting

- Testing
- Deployment
- Training
- Technical support
- Annual maintenance

Estimated Project Value

₹12,80,00,000

₹12.80 Crore

Contract Duration

36 Months

PAGE 2 — TENDER INFORMATION SUMMARY

Particular	Details
Tender Reference	TNDGIT/ICDS/2026/0147
Tender Type	Open Competitive Tender
Project	Integrated Citizen Digital Services Platform
Estimated Value	₹12.80 Crore
Contract Period	36 Months
Bid Security / EMD	₹25,00,000
Performance Security	5% of Contract Value
Bid Validity	180 Days
Pre-Bid Meeting	16 October 2026
Last Date for Queries	14 October 2026
Bid Submission	28 October 2026
Technical Opening	29 October 2026
Financial Opening	To be announced
Place of Performance	Tamil Nadu
Tender Mode	Online

PAGE 3 — PROJECT BACKGROUND

The Government intends to establish a unified digital platform through which citizens can access multiple public services.

Currently, citizens may need to access different portals and applications for different services.

The proposed platform will consolidate these services into a unified digital ecosystem.

Key Objectives

1. Provide a single digital access point for citizens.
 2. Improve accessibility of government services.
 3. Reduce manual processing.
 4. Improve service transparency.
 5. Provide real-time dashboards.
 6. Integrate existing government systems.
 7. Improve data security.
 8. Support scalable cloud infrastructure.
 9. Enable mobile-first citizen services.
 10. Provide analytics for government administrators.
-

PAGE 4 — SCOPE OF WORK

The successful bidder shall undertake the following activities.

4.1 Requirement Analysis

The bidder shall:

- Conduct stakeholder workshops.
- Document functional requirements.
- Prepare technical architecture.
- Prepare system requirement specifications.
- Prepare integration specifications.

4.2 Application Development

The platform shall include:

- Citizen portal
- Department portal
- Administrator portal

- Mobile application
- Service management module
- Notification module
- Complaint management
- Document management
- Analytics dashboard
- Reporting system

4.3 Cloud Infrastructure

The bidder shall provide:

- Cloud deployment
- Compute infrastructure
- Database
- Storage
- Backup
- Monitoring
- Disaster recovery
- Security controls

PAGE 5 — FUNCTIONAL REQUIREMENTS

The system shall include at minimum:

Citizen Module

- Citizen registration
- Login
- Profile management
- Service discovery
- Online applications
- Application tracking
- Document upload
- Notifications
- Complaint registration
- Status tracking

Department Module

- Application processing
- Document verification
- Workflow management
- Approval/rejection
- Department dashboards
- Reports

Administrator Module

- User management
 - Role management
 - Department management
 - Service configuration
 - System monitoring
 - Audit logs
-

PAGE 6 — MOBILE APPLICATION

The bidder shall develop Android and iOS-compatible mobile applications.

Required Features

- Secure authentication
- Citizen profile
- Service catalogue
- Application submission
- Document upload
- Push notifications
- Application tracking
- Complaint management
- Help and support

The application should support accessibility standards and responsive design.

PAGE 7 — CLOUD & INFRASTRUCTURE REQUIREMENTS

The proposed solution shall use a scalable cloud architecture.

Minimum Requirements

- High availability
- Automated backup
- Disaster recovery
- Load balancing
- Monitoring
- Logging
- Secure networking
- Encryption
- Identity management
- Role-based access control

Availability Requirement

The platform shall maintain a minimum monthly availability of:

99.5%

Disaster Recovery

Maximum acceptable:

RPO: 30 minutes

RTO: 4 hours

PAGE 8 — CYBERSECURITY REQUIREMENTS

The bidder shall implement appropriate security controls.

Mandatory Requirements

- HTTPS
- Encryption at rest
- Encryption in transit
- Secure authentication
- Role-based access
- Multi-factor authentication for administrators
- Vulnerability assessment
- Security testing
- Audit logging

- Backup security

Security Certification

The bidder must possess:

ISO 27001 certification

or demonstrate equivalent information security management capability.

PAGE 9 — ELIGIBILITY CRITERIA

The bidder must satisfy the following minimum requirements.

No.	Requirement	Minimum Qualification
1	Company Registration	Minimum 5 years
2	Average Annual Turnover	₹5 Crore
3	Latest FY Turnover	₹6 Crore
4	Similar Experience	Minimum 5 years
5	Similar Projects	Minimum 3
6	Project Value	₹3 Crore+ each
7	Technical Workforce	Minimum 25
8	GST	Active registration
9	ISO 9001	Mandatory
10	ISO 27001	Mandatory
11	Blacklisting	Should not be blacklisted
12	Financial Statements	Last 3 FY
13	IT Capability	Demonstrable
14	EMD	₹25 Lakhs

PAGE 10 — FINANCIAL ELIGIBILITY

The bidder shall meet the following financial conditions.

Average Turnover

The average annual turnover during the last three completed financial years shall be:

Minimum ₹5 Crore

Latest Financial Year

The bidder's turnover for the latest completed financial year shall be:

Minimum ₹6 Crore

Financial Documents

The bidder shall submit:

- Audited financial statements
 - Balance sheet
 - Profit and loss statement
 - CA-certified turnover statement
 - Income tax records
 - GST returns where applicable
-

PAGE 11 — EXPERIENCE REQUIREMENT

The bidder must demonstrate relevant experience in software development, cloud implementation, government digital services or enterprise technology.

Minimum Requirement

At least **3 completed similar projects**.

Each similar project should have a contract value of at least:

₹3 Crore

At least one project should have been completed for:

- Government department
 - PSU
 - Municipal organization
 - Large enterprise
-

PAGE 12 — TECHNICAL TEAM REQUIREMENT

The bidder must have at least **25 technical professionals**.

Minimum expected team:

Role	Minimum
Project Manager	2

Role	Minimum
Software Developers	8
Cloud Engineers	3
Database Engineers	2
Cybersecurity Engineers	2
QA Engineers	3
UI/UX Designers	2
DevOps Engineers	2
Business Analysts	1

Total: 25+

PAGE 13 — CERTIFICATION REQUIREMENTS

The bidder must provide valid copies of relevant certifications.

Mandatory

- ☒ ISO 9001:2015
- ☒ ISO 27001

Preferred

- ISO 14001
- CMMI Level 3 or above
- Udyam/MSME Registration
- Cloud Partner Certification
- Cybersecurity Certifications

PAGE 14 — STATUTORY DOCUMENTS

The bidder must submit:

1. Certificate of Incorporation
2. PAN
3. GST Certificate
4. Company Registration Certificate
5. Udyam Certificate, if applicable

6. ISO Certificates
 7. Audited Financial Statements
 8. CA Turnover Certificate
 9. Income Tax documents
 10. Bank details
 11. Authorized signatory details
-

PAGE 15 — TECHNICAL BID DOCUMENTS

The technical proposal shall contain:

Company Profile

- Company history
- Organization structure
- Core capabilities
- Technical expertise

Technical Proposal

- Proposed architecture
- Development methodology
- Cloud architecture
- Security architecture
- Implementation methodology
- Testing methodology
- Deployment plan
- Maintenance strategy

Team

- Organization chart
 - CVs
 - Qualifications
 - Experience
-

PAGE 16 — PROJECT IMPLEMENTATION TIMELINE

The project shall be completed in phases.

Phase	Duration
Requirement Analysis	2 Months
Architecture & UI/UX	2 Months
Development	6 Months
Integration	3 Months
Testing	2 Months
Pilot Deployment	1 Month
Production Deployment	1 Month
Training	1 Month
Support & Maintenance	18 Months

PAGE 17 — SERVICE LEVEL AGREEMENT

The selected bidder shall provide technical support throughout the contract.

Severity 1 — Critical

Response:

30 Minutes

Resolution target:

4 Hours

Severity 2 — High

Response:

1 Hour

Resolution:

8 Hours

Severity 3 — Medium

Response:

4 Hours

Resolution:

2 Business Days

Severity 4 — Low

Response:

1 Business Day

Resolution:

5 Business Days

PAGE 18 — PAYMENT TERMS

Payments shall be linked to successful project milestones.

Milestone	Payment
Requirement & Design Approval	10%
Development Completion	20%
Integration Completion	15%
Testing & UAT	15%
Production Deployment	20%
Stabilization	10%
Final Acceptance	10%

Total: 100%

PAGE 19 — BID SECURITY / EMD

The bidder shall submit an Earnest Money Deposit of:

₹25,00,000

The EMD shall remain valid for the required bid validity period.

Bids without valid EMD documentation may be considered non-responsive unless the bidder qualifies for an applicable exemption under the tender rules.

PAGE 20 — PERFORMANCE SECURITY

The selected bidder shall provide performance security equivalent to:

5% of Contract Value

For an estimated contract value of ₹12.80 Crore:

Performance Security = ₹64,00,000

The performance security shall remain valid according to the contract conditions.

PAGE 21 — BID EVALUATION

The technical evaluation shall be based on:

Category	Weight
Company Experience	15
Financial Strength	15
Technical Approach	25
Similar Projects	15
Team Strength	10
Cloud & Security Capability	10
Presentation / Demonstration	10
Total	100

Minimum Technical Qualification

70 / 100

Only bidders achieving the minimum technical score may proceed to financial evaluation.

PAGE 22 — RISK & COMPLIANCE CONDITIONS

The bidder shall:

- Not be blacklisted.
- Not have unresolved material contractual disputes affecting its ability to perform.
- Maintain confidentiality.
- Protect government data.
- Follow applicable data protection requirements.
- Maintain audit logs.
- Report security incidents.
- Ensure business continuity.

Failure to meet mandatory compliance requirements may result in rejection.

PAGE 23 — DOCUMENT CHECKLIST

The bidder must submit the following.

Document	Mandatory
Certificate of Incorporation	✓
PAN	✓
GST Certificate	✓
Udyam Certificate	If applicable
ISO 9001	✓
ISO 27001	✓
Audited FY 2023–24	✓
Audited FY 2024–25	✓
Audited FY 2025–26	✓
CA Turnover Certificate	✓
Similar Project Contracts	✓
Completion Certificates	✓
Team CVs	✓
Bank Solvency Certificate	✓
EMD Proof	✓
Non-Blacklisting Declaration	✓
Technical Proposal	✓
Financial Proposal	✓

PAGE 24 — DECLARATION

The bidder shall provide a declaration confirming that:

The information submitted by the bidder is true and accurate to the best of its knowledge. The bidder confirms that it satisfies the eligibility conditions specified in the tender and agrees to comply with all applicable tender and contractual requirements.

The declaration shall be signed by an authorized representative.

PAGE 25 — NON-BLACKLISTING DECLARATION

The bidder shall declare that:

1. The organization has not been blacklisted by any government authority.
2. The organization has not been banned from participating in public procurement.
3. The organization has not submitted false information.
4. The organization has not engaged in fraudulent procurement practices.

The declaration shall be submitted on company letterhead and signed by an authorized signatory.

PAGE 26 — DATA PROTECTION & CONFIDENTIALITY

The selected bidder shall maintain confidentiality of all government and citizen information.

The bidder shall not:

- Share confidential information with unauthorized parties.
- Use government data for unrelated purposes.
- Transfer confidential data without authorization.
- Store sensitive data in unauthorized locations.

All project personnel shall comply with confidentiality requirements.

PAGE 27 — INTELLECTUAL PROPERTY

The developed application, source code, documentation, database structures, technical documentation and project deliverables shall be handled according to the ownership terms defined in the final agreement.

The bidder shall provide complete technical documentation and source code required for operational continuity.

PAGE 28 — TERMINATION CONDITIONS

The contract may be terminated in circumstances including:

- Material breach of contract
- Fraudulent information
- Failure to meet critical obligations
- Security violations
- Unauthorized disclosure of confidential information
- Persistent SLA failure
- Insolvency

- Blacklisting or legal disqualification

PAGE 29 — BID SUBMISSION PROCESS

The bidder shall submit:

Technical Bid

Including:

- Company profile
- Eligibility documents
- Technical proposal
- Project experience
- Team details
- Certifications

Financial Bid

Including:

- Commercial proposal
- Pricing
- Taxes
- Support costs
- Infrastructure costs
- Other applicable charges

Both components shall be submitted electronically through the designated procurement system.

PAGE 30 — IMPORTANT DATES

Activity	Date
Tender Published	08 Oct 2026
Last Date for Queries	14 Oct 2026
Pre-Bid Meeting	16 Oct 2026
Clarification Release	19 Oct 2026
Bid Submission Starts	08 Oct 2026

Activity	Date
Bid Submission Ends	28 Oct 2026, 15:00
Technical Opening	29 Oct 2026
Technical Evaluation	30 Oct–05 Nov
Financial Evaluation	06 Nov 2026
Expected Award	12 Nov 2026

PAGE 31 — SPECIAL CONDITIONS

Condition 1

The bidder shall maintain sufficient technical resources throughout the project.

Condition 2

Replacement of key personnel requires prior approval.

Condition 3

All critical project documentation shall be maintained electronically.

Condition 4

The selected bidder shall participate in periodic project review meetings.

Condition 5

The bidder shall provide knowledge transfer before project completion.

PAGE 32 — FINAL BID CHECKLIST

Before submission, the bidder should verify:

- ☐ Company registration documents
- ☐ PAN
- ☐ GST
- ☐ ISO 9001
- ☐ ISO 27001
- ☐ Three-year audited statements
- ☐ Turnover certificate
- ☐ Three similar projects
- ☐ Completion certificates
- ☐ Technical team CVs
- ☐ Bank solvency
- ☐ EMD
- ☐ Non-blacklisting declaration
- ☐ Technical proposal

- ☐ Financial proposal
 - ☐ Authorized signature
 - ☐ All required forms uploaded
-

PAGE 33 — TENDERIQ AI DEMO PAGE

At the end of the PDF, you can deliberately add a section for your prototype testing:

TenderIQ AI — Automated Tender Intelligence

Upload this document into TenderIQ AI.

The system should automatically extract:

Tender Information

Tender Value: ₹12.80 Cr

Duration: 36 Months

EMD: ₹25 Lakh

Deadline: 28 Oct 2026

Location: Tamil Nadu

Eligibility

Average Turnover: ₹5 Cr

Latest Turnover: ₹6 Cr

Experience: 5 Years

Similar Projects: 3

Project Value: ₹3 Cr each

Team: 25+

ISO 9001: Mandatory

ISO 27001: Mandatory

Required Documents

17 Documents

Risk Detection

Potential risk:

Average turnover requirement must be compared against the company's calculated 3-year average.

PAGE 34 — EXPECTED TENDERIQ ANALYSIS

When you upload this tender against your **TechNova Solutions** demo company profile, your application should generate something like:

BID READINESS

CONDITIONAL

Overall Match: 78%

Passed

- Latest FY turnover — ₹6.50 Cr
- Business experience — 6 years
- Relevant experience — 5 years
- Similar projects — 8
- Workforce — 42
- GST
- ISO 9001
- ISO 27001

Potential Gap

- Average 3-year turnover

Required:

₹5.00 Cr

Company:

₹4.50 Cr

Additional Missing Documents

- Bank Solvency Certificate
- EMD Proof
- Non-Blacklisting Declaration
- Recent Similar Project Completion Certificate

Recommendation

CONDITIONAL BID — FINANCIAL ELIGIBILITY REVIEW REQUIRED

This is particularly useful for your hackathon because TenderIQ demonstrates that it doesn't merely summarize the tender—it **compares the tender's requirements against the company's actual credentials and identifies qualification gaps.**

Recommended PDF structure

For your prototype, make this a **34-page professional tender PDF**:

Cover → Notice → Tender Summary → Background → Scope → Functional Requirements → Cloud → Security → Eligibility → Financial → Experience → Workforce → Certifications → Statutory Documents → Technical Bid → Timeline → SLA → Payment → EMD → Performance Security → Evaluation → Risk → Checklist → Declarations → Legal Conditions → Submission → Dates → Final Checklist → TenderIQ analysis test page.

And put this footer on **every page**:

**DEMO / SAMPLE DOCUMENT — NOT A VALID GOVERNMENT TENDER — CREATED FOR
HACKITON'26 TENDERIQ AI PROTOTYPE**
